

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

1-19 (canceled).

20 (previously presented). An avian egg containing an exogenous protein.

21 (previously presented). The avian egg of claim 20, wherein the egg is a chicken egg.

22-27 (canceled).

28 (previously presented). The avian egg of claim 20, wherein the exogenous protein is a pharmaceutical protein.

29 (previously presented). The avian egg of claim 20, wherein the exogenous protein is selected from the group consisting of interferon, antitrypsin, antithrombin III, collagen, factors VIII, IX, X, fibrinogen, hyaluronic acid, insulin, lactoferrin, protein C, tissue-type plasminogen activator, somatotrophin, cytokine antibody, human growth hormone, immunotoxin and chymotrypsin.

30 (previously presented). The avian egg of claim 20, wherein the exogenous protein is present in egg white of the egg.

31 (previously presented). An avian egg containing a pharmaceutical protein, wherein the pharmaceutical protein is exogenous to the egg.

32 (previously presented). The avian egg of claim 31, wherein the egg is a chicken egg.

33 (previously presented). The avian egg of claim 31, wherein the pharmaceutical protein is present in egg white of the egg.

34 (currently amended). An egg white comprising a protein exogenous to the egg white, wherein the protein is a pharmaceutical protein.

35 (previously presented). The egg white of claim 34, wherein the egg white is from a chicken egg.

36 (canceled).

37 (previously presented). The egg white of claim 34, wherein the protein is selected from the group consisting of interferon, antitrypsin, antithrombin III, collagen, factors VIII, IX, X, fibrinogen, hyaluronic acid, insulin, lactoferrin, protein C, tissue-type plasminogen activator, somatotrophin, cytokine antibody, human growth hormone, immunotoxin and chymotrypsin.

38-40 (canceled).

41 (previously presented). An avian egg containing a cytokine, wherein the cytokine is exogenous to the egg.

42 (previously presented). The avian egg of claim 41, wherein the egg is a chicken egg.

43-45 (canceled).

46 (previously presented). The avian egg of claim 41, wherein the cytokine is interferon.

47-49 (canceled).
